

Newfoundland & Labrador Federation of Co-operatives
Associate Membership Form

What is an Associate Member? An Associate Member of the NLFC is an organization that is not a co-operative or credit union in Newfoundland & Labrador, yet aligns with and wishes to support the [mandate of the NLFC](#).

What are the benefits of becoming an Associate Member? As an Associate Member, the NLFC will in turn support and promote your organization’s activities through our social channels, monthly newsletter, and website (let us know how and when we can do that for you). Additionally, you will receive a direct invitation to our AGM and an opportunity to present to our attendees and members at that event. We are always open to suggestions for how to provide your organization with benefits that will bring value to you, we’re here to talk about it anytime.
